Per- and Polyfluoroalkyl Substances (PFAS) - Meghan Cassidy (OSRR)		HOT	
02/07/2018	Marcel Belaval to present at the Maine Water Utilities Conference. Update on PFAS activities.	Jane Downing	Planned New restricted

Date	Milestone	Staff Resource	Status
02/28/2018	Coordination with CT DEEP and CT DPH on upcoming private and public well PFAS sampling in Greenwich CT. (OSRR, OEME and OEP in the loop).	Meghan Cassidy, Jane Downing, Ernest Waterman	Planned New restricted
03/30/2018	In response to a request from NH DES to ORD, Region 1 is working with NHDES and ORD on a project aimed at identifying the possible presence of next generation PFAS compounds in the environment. The goal is to determine if these compounds are present in the environment as a result of ongoing air emissions from two operating manufacturing facilities. These next generation compounds are generally shorter-chain compounds that were developed to replace PFOA. Coordination includes weekly update/planning calls.	Meghan Cassidy	In Progress restricted
